dealers in Federal stocks have been associated in the plan as agents; at an early day the entire machinery used in placing the 5-20s will be revived. These 5-20 notes are the most desirable security upon the market, and cannot be too fully comended to parties having idle money. They are free of local taxation, pay more than legal interest, and at maturity are convertible into gold-bea 6 per cent bonds-now selling at 94 premium. a new speculation they are preferable to any o bubble companies so steadily urged upon the p and should be taken to the extent of one n per day at least.

Stocks are all down again, and sellers are precontracts for future delivery. The temporary ness gained by the large dealings in Erie ha appeared, and there are no buyers except to short contracts. Upon the street after the Exchange adjourned prices were lower, and at Second Board the desire to sell was very New-York Central fell 2 per cent ex divi Hudson River 3 per cent; Michigan Centr Cleveland and Pittsburgh, 2: Michigan Son 1; and Rock Island 2 per cent. At the close was a recovery from the lowest points, but no b for an advance by the public, or by specul brokers who were overloaded with stocks, at l

Money continues abundant on call, at 67 cent, and at these rates Stock houses are unable to use the capital offering. There is no disposition t buy commercial paper, which, under the weakness in gold, is considered extra hazardous. The fall i gold has checked business in all quarters, buyer asking concessions which sellers refuse to make The result is that merchants are left with their goods to be marketed later at lower prices. Con sumers have made up their minds that gold is to b permanently lower under a sounder system of Na tional finances, and buy from hand to mouth only
